COMMUNITY

"We love Trinity because it's a community and it's the perfect size and it feels like we are a part of a family. It's perfect."

Roberto & Francisca

Parents

EXCELLENCE

"I really love Trinity because it has brought the best out of my children"

Martha

Parent

At Trinity we pride ourselves in knowing each child and valuing each family. Central to this is our positive partnership with all parents and carers, who help make our community so welcoming.

Nigel Rodrigues

Principal

RESPECT

"It's clear that the children care about each other and the teachers are really dedicated to being there for each one of them."

Bernadette

Parent

are made...*

Community

When it comes to choosing a school for your child there are so many important things to consider. We are becoming increasingly aware, that for many parents, a sense of belonging and connectedness is one of the most important factors when making this choice.

At Trinity, we strive to create that sense of community, which ensures not only every child but their family as well, truly feels that they belong.

'I have called you by name'

Isaiah 43:1

At Trinity Primary School every child is known by name and their family is welcomed into the wonderful community we have created.

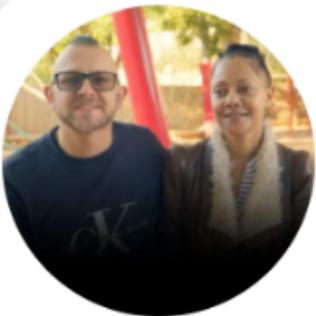

Imagine a school where your child is able to develop a sense of confidence which enables them to grow into the person you know they are capable of being. Imagine a community that gives your whole family a true sense of belonging.

There are a number of very important factors to consider when choosing a school for your child: outstanding academic opportunities, dedicated high quality teachers, a wide range of extra curricula activities as well as a strong focus on developing personal values and integrity. Whilst Trinity is able to offer our students all of these, it is the strong focus on each individual's wellbeing that ensures success for all our children.

At Trinity, we understand, from our first conversations with you, exactly what it is you want for your child. Our aim from the moment you join our community is to ensure that the partnership we develop with your family is a positive one, with a shared goal to make your child's primary school experience the most life giving one possible.

Trinity is well known for its great sense of community which respects and values diversity and celebrates the richness which comes from a community built on mutual respect.

At Trinity each child and their family is at the centre of all we do.

"The thing we love the most is that all the teachers are really welcoming to the students. It's a real family environment."

Nalini & Michael, Parents

Excellence

At Trinity Primary School we are extremely proud of the outstanding academic achievements our students are able to make throughout the year. Our excellent learning programs are driven by high performing teachers who work collaboratively with expert school leaders to ensure each child's learning is targeted to their individual needs. All of our classroom teachers are supported by learning support officers each day, to ensure the most innovative and contemporary approaches are used in their teaching.

Outstanding achievement in a truly caring environment

The high expectations we have of our staff and students means that everyone is given the opportunity to truly shine in a challenging and supportive learning environment.

Trinity Primary School has in place, comprehensive learning programs led by dedicated teachers who are able to truly bring out the best in each child. Our teaching is research based and data driven which means each child's learning is targeted to their individual needs.

We recognize the important role parents, as children's first teachers, play and so we will work with you to ensure every possible opportunity is provided to enable your child to strive for excellence in all they do.

Setting high expectations for our children, and providing the support they need, means each child at Trinity is able to progress in their learning journey and achieve their individual goals.

Our NAPLAN results and internal assessments consistently show significant academic growth in our students and are a reflection of our research based and focussed teaching approaches.

Our broad range of specialist classes include, Science (STEAM), Performing Arts, Visual Arts, Mandarin and Physical Education providing further opportunities for children to express themselves and achieve in these areas of the Victorian Curriculum.

We are very proud of the great culture of learning we have created here at Trinity and are confident that our school is a number one choice in this community.

At Trinity every child matters, every day.

"I really love Trinity because it has brought the best out of my children."

Martha, Parent

Respect

At Trinity we value and promote the importance of respect for all people and all things. In this environment of respect our children are able to build positive relationships and develop feelings of safety, trust and wellbeing. Every child, parent, carer and staff member is treated with dignity and given the opportunity to be themselves.

'In Unity Strength'

Our community is built on mutual respect where each individual is valued, diversity is celebrated and strong values are promoted to ensure dignity for all.

Respect for all things is an important focus at Trinity, and so we ensure that this value is both taught and lived. Every child is provided with opportunities which enable them to develop self confidence in an environment where they can feel safe and supported.

Our academic learning programs are underpinned by a strong focus on teaching our children the important social skills and values they will need to be productive members of a global community. Our wellbeing programs ensure explicit teaching of social and emotional skills that enable our children to work effectively on their own and collaboratively when working with others. The extensive extracurricular activities we provide give further opportunity for our children to develop their individual skills and talents.

Student Voice, Agency and Leadership

Research findings indicate that student voice, agency and leadership have a positive impact on self-worth, engagement, purpose and academic motivation (Quaglia, 2016), which contribute to improved student learning outcomes (Hattie, 2009).

At Trinity our excellent leadership opportunities for all students, our extensive clubs program and our commitment to involving students in decision making about their learning ensures each child has meaningful input and can contribute positively to their individual learning journeys.

At Trinity every child has a voice in their learning.

"It's clear that the kids care about each other and the teachers are really dedicated to being there for them.

Bernadette, Parent

Wellbeing

At Trinity Primary School, the wellbeing and safety of our entire community, our children, our parents and staff, is central to all we do.

We hold the care, safety and wellbeing of children and young people as a central and fundamental responsibility of our school.

An environment of openness, inclusiveness and respect.

Trinity Primary School is a safe and supportive environment that seeks to foster the social, ethical and moral growth of all its students.

At Trinity Primary School our wellbeing policies and procedures involve a commitment to creating safe, supportive, inclusive and hope-filled learning environments, where human dignity is respected, diversity and inclusiveness are valued and authentic relationships are fostered

In partnership with parents and families, Trinity Primary School endeavours to ensure all students feel valued and cared for, have meaningful opportunities to contribute to the life of the school and broader community, and are positively engaged with their learning. Our innovative teaching and transformational learning is designed to meaningfully respond to students' interests and their needs.

The excellent facilities at Trinity Primary School greatly enhance the physical environment for all our students. Our light filled and engaging learning spaces allow our children to feel comfortable and able to express themselves whilst being challenged in their learning.

Our amazing tree lined outdoor spaces provide opportunities for all types of sporting and creative activities which enable our students to play safely whilst developing fundamental social and physical skills. We have also created quiet, reflective spaces where children can sit and talk and be surrounded by beautiful sustainable gardens which provide further opportunities for our children to engage with nature.

"It's a really nice sense of community here. All the class sizes are quite small so the kids get a lot of interaction with their teachers and there's a lot of support for kids who might need additional help."
